ARTICLE I. ADMINISTRATION

Section I. Purpose

285 The Mount Vernon School District Board of Directors, hereinafter referred
to as the "District" and the Mount Vernon Education Association,
hereinafter referred to as the "Association" have reached certain
understandings pursuant to Chapter 41.59 RCW which they desire to
confirm in this Collective Bargaining Agreement.

290 Section 2. Status of Agreement

A. Recognition

The Board recognizes the Association as the sole and exclusive
bargaining representative for all certificated educational employees
of the District, including substitutes as defined in Article III except
the following:

- Chief Executive
- Assistant Superintendent for Personnel and Human Resources
- Executive Director of Business and Operations
- Confidential employees as defined by the Act (Chapter 41.59
RCW)
- Principals
- Assistant Principals
- Director of Assessment, Director of Curriculum/Instruction,
Director of Staff and any other District employees excluded by
definition under the Act (Development, Director of
Special/Support Programs, Athletic Coordinator Chapter 41.59
RCW).

310 Unless the context in which they are used clearly requires otherwise,
words in this Agreement denoting gender shall include both the
masculine and feminine and words denoting number shall include
both the singular and plural.

B. Individual Contract

315 The District will agree to add Standard and Supplemental Contract
forms as appendices, but such contract forms shall be designated:
"Attached to this Agreement for information and reference only, not
as an integral part of this Agreement."

320 C. Printing and Distribution

325 Within reasonable time following ratification and signing of the
"Collective Bargaining Agreement between Mount Vernon School
District No. 320 and the Mount Vernon Education Association", the
District shall print and the Association shall distribute copies of the
Agreement to all MVEA officers and representatives. The District
shall provide copies on request to the Personnel Office, at no cost.

D. Management Rights

Rights of the Board of Directors

330 The Board, acting in behalf of the electorate of the School District,
retains and reserves all powers, rights, authority, duties and
responsibilities conferred upon and vested in it by the regulations of
the State Board of Education, the laws and the Constitution of the
State of Washington and/or the United States. The Association
335 recognizes that the Board is legally responsible for the operation of
the School District and that the Board has the necessary authority to
exercise all of its responsibilities subject to the laws above
mentioned and to the provisions of this Agreement.

By way of illustration and not by way of limitation:

THE RIGHT TO:

- 340 1. Manage the District, direct the working staff including the
right to determine the qualifications, hire, suspend, discipline
or discharge employees for proper cause.
- 2. Lay off employees from duty because of lack of work, funds,
or other legitimate reasons.
- 345 3. Transfer employees from one school, department, and/or
classification to another. Make such operating changes as are
deemed necessary by the Board for the efficient, effective,
orderly and economical operation of the District.
- 350 4. Determine the methods, processes, means and personnel by
which any and all work will be performed.
- 5. The right to determine the work to be done, standards to be
met, and to what extent work will be performed by the
employees.
- 6. The right to develop and control all budgets.

355 E. No Strike Provision

The Association agrees that for the duration of the Agreement, it will
not foster, condone, acquiesce in or encourage any job action by
bargaining unit members against the District.

Section 3. Collective Bargaining Structure and Procedure

360 Before June 1 of each year a labor/management meeting will be held
to reach agreement on the calendar for the upcoming school year as
it relates to the scheduling of Rep Council meeting dates, early
release/late arrival dates and times, non-student work days and LID
365 dates. Within two weeks of the labor/management meeting, MVEA
will notify the District of the Rep Council meeting schedule for the
year, which typically consists of one (1) meeting per month. The
District will share this schedule with the Administrative Team. The
Administrative Team will strive to avoid scheduling district
controlled training on Rep Council meeting dates.

370 A. Waivers

The Mount Vernon School District and the Mount Vernon Education
Association acknowledge that, under certain circumstances,
individual MVEA members, building or district administrators or
375 building site councils may desire a variance from language contained
in the Collective Bargaining Agreement. As a means to encourage
creative solutions to problems and provide flexibility, waivers will be

considered. Waiver request forms may be found in the Appendix section. Such waivers will require the signature of the MVEA president and the MVSD superintendent.

380

- B. In the event of a double levy failure or significant reductions in state federal funding, the parties agree to meet and discuss modifying certain provisions of this agreement.

385

Section 4. Communications

- A. Bulletin Boards

A teacher bulletin board shall be provided in each school building. The Association may post notices of its activities and matters of Association concern. Such a bulletin board will be placed, where possible, in the building faculty room.

390

- B. In-District Mail

The Association may use employee mail boxes in its communications to teachers so long as such communications are not intended to disrupt District operations. All materials must be clearly marked as to sender.

395

- C. Availability of Policies and Information

The District shall make available to the Association copies of policies adopted by the School District Board of Directors.

400

Section 5. Non-Discrimination

The Mount Vernon Education Association assures the Mount Vernon School District that its agency/labor union will comply with all state and federal guidelines and/or regulations. Therefore, all applicants seeking employment opportunities and all contracts for goods and services will be considered and will not be discriminated on the basis of race, creed, color, national origin, families with children, sex, marital status, sexual orientation, age, honorably discharged veteran or military status, or presence of any sensory, mental, or physical disability or the use of a trained dog guide or service animal by a person with a disability. This is in accordance with Title VI of the 1964 Civil Rights Act; Section 504 of the Rehabilitation Act, 1973, as amended; Americans with Disabilities Act, July 26, 1990, P.L. 101-336; and Title IX/Chapter 28A.640 RCW of the Education Amendments of 1972 as amended and RCW 49.60.030 Freedom from discrimination as amended. (Reference: School Board Policy 5010).

ARTICLE II. BUSINESS

Section 1. Association Security, Dues and Representation Fees

425

Each employee who is not a member of the Association shall pay to the Association, as representation costs, an amount equal to dues and fees required of membership. The District agrees to deduct on a monthly basis such amount from the compensation of each non-member employee. However, the obligation imposed by this section shall not apply to individuals who were employees of the District on June 11, 1976, and who were not members of the Association on the date this agreement was ratified, November 1, 1976. Nothing in this section shall impair an employee's rights of non-association protected by RCW 41.59.100 and the procedures established thereunder. The Association shall indemnify and hold the District harmless from all claims asserted and lawsuits commenced by, or on behalf of, any employee due to action taken by the District in strict compliance with this section, and further, that the District will defend the Agreement and consult with the Association or its designee respecting all such claims and/or lawsuits with respect to this paragraph.

ARTICLE III. PERSONNEL

Section 1. Rights, Responsibilities, Authority and Protection of Teachers

In addition and subject to applicable RCW's and WAC's the following rights, responsibilities and authority of teachers shall apply:

A. Teacher Responsibilities

Teachers, and all certificated personnel (collectively referred to in Article I, Section 2.A. as members of the bargaining unit) shall have the following responsibilities with respect to the discipline of students.

1. Each teacher shall comply with School District and building rules and guidelines relating to the discipline of students.
2. Each teacher so assigned shall maintain good order and discipline in the classroom, hallways and on the playground or other common areas of the school.

B. Teacher Authority

Subject to the limitations set forth by statute and WAC, all teachers shall have the authority to discipline any student for any disruptive or disorderly conduct or other violation of rules for student conduct which may occur in the presence of the teacher or when the student is under the teacher's supervision.

1. Teachers may also recommend the suspension or expulsion of students to the proper school authorities.
2. The District shall expect behavior that is acceptable on the part of all students who attend schools in the District. Discipline shall be enforced fairly and consistently regardless of race, color, caste, creed, sex, national origin or level of ability. Such discipline shall be consistent with applicable Federal and State laws and provisions of the Agreement.

The Board, Superintendent, building administrator(s) and teachers shall support each other in their efforts to maintain discipline in the District. The District agrees to support employees in the reasonable exercise of their official duties attendant to the handling of student disciplinary matters. To this end, District administrators shall promptly take the necessary actions to support employees in the exercise of said duties. A building administrator and/or designee shall be available to staff during working hours in order to provide

assistance and support in discipline cases. It is understood that any decision made by a designee, in the absence of the building administrator, is made under the authority of the building administrator. Further, the authority of employees to use prudent disciplinary measures for the safety and well-being of students and employees is supported by the Board. In the exercise of authority by employees to control and maintain order and discipline, the employees must use reasonable and professional judgment concerning matters not provided for by specific policies adopted by the Board and not inconsistent with Federal and State laws or regulations and provisions of this Agreement (RCW 28A.600.010, RCW 28A.600.202, and Ch.180-40 WAC).

- It is a misdemeanor for anyone to insult or abuse an employee anywhere on the school premises while such employee is carrying out his or her official duties. The employee also has the right consistent with the law to have a parent/guardian removed or restricted from his /her classroom/ work station, if the parent/guardian is abusive either physically or verbally.
- It is a misdemeanor to willfully create a disturbance on school premises or at school activities or school meetings.
- It is a misdemeanor to, singly or in concert with others, intimidate by threat of force or violence any employee who is in the peaceful discharge or conduct of his or her duties. The District will discipline involved students. When appropriate, law enforcement will be notified.

Any student who creates a disruption of the educational process in violation of the building disciplinary standards while under an employee's immediate supervision may be excluded by the employee from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day or until the principal or designee and employee have conferred, whichever occurs first. Before the removal of a student, except in emergency circumstances, (which include possession of a firearm, explosives, dangerous weapons or other items capable of producing bodily harm as defined and prohibited in Ch. 9.41 RCW) the employee shall have performed one or more alternative forms of corrective action reasonably calculated to modify behavior. An excluded student shall not be returned during the balance of that class or activity period without the consent of the employee (RCW 28A.600.020). Prior to the return of any student(s) who have been removed, suspended or expelled for a dangerous weapons violation, the District

555 will, in conjunction with impacted employees and
parent(s)/guardian(s), establish an enforceable behavior plan
which must be adhered to as a condition of the student
remaining in that employee's class.

560 Employees will use their best professional judgment when
deciding on the appropriate intervention strategy to use upon
encountering an altercation between students where weapons
are involved, taking into account the safety of students as well
as their own safety. Students in possession of or using any
565 weapons or dangerous devices will be subject to expulsion as
specified in law.

The District will immediately and thoroughly investigate
570 reports and rumors regarding dangerous weapons and take
prompt and reasonable action to protect employees, students
and property.

Each building shall have an established procedure for student
575 removal from class. The procedure will specify a place where
and person to whom the student will report. The employee
will notify the designated administrator when a student has
been removed from class. The employee may request that a
meeting be promptly held between the employee, the
580 administrator, and the parent(s)/guardian(s). Any employee
who is faced with a disruptive student shall have the right to
establish a behavior management plan for that student in
conjunction with the building administrator (and
parent(s)/guardian(s), as appropriate), and that plan will be
585 supported by the administrator and the employee.

A classroom instructor shall be notified when a student is
suspended from his/her specific class.

590 An employee shall not be disciplined for taking action,
regarding the discipline of students when he/she acted with
good and sufficient reason and in compliance with the law, the
District and school policies.

595 No employee shall be required to search a student's person or
belongings.

This section shall not interfere with the due process rights of
regular or special education students.

600 By September 30th of each year, each building's administrator
shall conduct an in-service at which all staff will review
employee rights and responsibilities, student rights and

responsibilities, the building discipline plan, and the building emergency response plan.

605

C. Teacher Rights

Teachers shall have the following rights with respect to the discipline of students.

610

1. Each teacher shall be entitled to the appropriate assistance and support from building administrators in connection with discipline problems relating to students.

615

2. Each teacher shall be promptly advised of any complaint made to the principal or other School District administrator regarding the teacher's discipline of students. The teacher shall be given the opportunity to meet with the complaining party in the event that a conference is arranged.

620

D. Employee Protection

625

1. The District will provide a liability insurance policy covering each certificated staff member to the extent of the amount of coverage currently in effect for the term of this Agreement.

630

2. In dealing with any charge or complaint to be used in disciplining an employee, the District shall:

- a. Share said charge or complaint with the employee at the earliest possible opportunity
- b. Provide the employee with a written copy of the charge or complaint
- c. Schedule investigatory meetings when an employee's representative is available
- d. Provide the employee at least two (2) days notice, when possible prior to any investigatory meeting.

635

640

3. No employee shall be disciplined (warnings, reprimands, suspensions without pay, and discharges) without just and sufficient cause.

645

4. Nothing herein shall preclude the normal interaction between the building administrator and the employee.

650

Section 2. Certificated Employee Staff Reduction

A. Procedures for Staff Reduction

655 In the event the Board of Directors adopts a reduced educational
 program by reason of financial necessity, including, but not limited
 to, levy failure or decreased state support, those members of the
 bargaining unit who will be retained will be identified by using the
 following procedures:

660

1. Determination of Vacant Positions

665 The District will determine, as accurately as possible, the total
 number of certificated employees known as of April 15 leaving
 the District for reasons of retirement, family transfer, normal
 resignations, leaves, discharge or non-renewal, etc., and these
 vacancies will be taken into consideration in determining the
 number of available certificated positions for the following
 school year.

670

2. Certification

675 Possession of any valid Washington State Certificate and/or
 endorsement which may be required for the position(s) under
 consideration shall be prerequisite for retention.

3. Employment Categories

680 The following categories and specialties are established to
 ensure the qualifications of certificated employees assigned to
 retained positions:

680

a. Elementary teachers will be considered for retention in
 one category (K-6).

685 b. Secondary teachers will be considered for retention in
 one category (7-12).

685

690 c. All members of the bargaining unit will be considered
 for retention according to their specialties and when
 categorical funding supports a particular program, said
 program(s) shall be maintained and exempt from
 Reduction in Force, to the extent of such categorical
 funding; provided, individual certificated employees
 shall not be exempt from Reduction in Force if a
 qualified (as specified herein), more senior certificated
 employee is being non-renewed and makes a request to
 staff such a program position.

695

4. Rate of Reduction

700

The number of certificated employees non-renewed from categories 1 and 2 above shall be reasonably proportionate to the number of students served in each category.

5. Qualification within Employment Category

705

Each certificated employee will, in accordance with the criteria set forth in Section 2.A.6 hereof, be considered qualified in the category appropriate to the position held at the time of the implementation of these procedures. Certificated employees shall also be eligible for retention in such additional categories or specialties as any such employee may designate and request in writing to the Superintendent or designee, provided, that in order to qualify for retention in any such additional category the employee:

710

- a. Must have had a minimum of one (1) year full-time professional experience in each such additional category; and

715

All written designations and requests for additional categories shall be submitted in writing within five (5) working days after any request for such information is made by the Superintendent or designee. Certificated employees will be eligible for additional categories only if they do not qualify for retention in the category appropriate to the position held at the time of the implementation of these procedures.

720

725

6. Selection within Employment Categories

Certificated employees shall be eligible for retention in available positions within the categories or specialties for which they qualify under Section 2.A.3. hereof. In the event that there are more qualified certificated employees than available positions in a given category or specialty, the following criteria shall be used to determine which certificated employees shall be recommended for retention:

730

735

- a. Seniority for full and part-time employees shall be defined consistent with Washington State years of service recognized on the current year's S-275 report to Office of the Superintendent of Public Instruction.

740

- 1) If more than one individual employee has the same seniority ranking after applying the above provision,

all employees so affected will be ranked in accordance with the total seniority as certificated employees in the Mount Vernon School District, from greatest to least.

745

2) If more than one individual employee has the same seniority ranking after applying the above Mount Vernon School District seniority ranking, all employees so affected will be ranked in accordance with placement on the state salary schedule.

750

3) If more than one individual employee has the same seniority ranking after applying the above salary schedule seniority ranking, employees concerned in the decision shall draw lots to decide guaranteed employment and lay off.

755

4) Certificated employees currently assigned in full-time positions shall be first assigned to all full-time positions consistent with their individual seniority and shall not be obligated to any part-time position but may designate and request such a position.

760

5) Certificated employees currently assigned to part-time positions shall be assigned to part-time positions only consistent with their individual seniority and current assignment, provided no part-time certificated employee with less seniority shall be assigned to any part-time position unless such a position is declined by all employees (full and part-time) with greater seniority.

765

770

7. Action by the Superintendent

775

The provisions of Section 2.A.1-5. above shall be implemented on or before May 15 of the school year prior to the school year in which any staff reductions may be necessary. The Superintendent shall take such action as may be required by statute to non-renew or adversely affect the employment contracts of affected employees.

780

8. Employment Pool

785

a. All certificated employees who are not recommended for retention in accordance with these procedures shall be terminated from employment and placed in an employment pool for possible re-employment for a period of up to two (2) years. Employment pool

790 personnel will be given the opportunity to fill open
positions within the categories or specialties identified
in Section 2.A.3. for which they are qualified under
Section 2.A.5. If more than one such employee is
795 qualified for an open position, the criteria set forth in
Section 2.A.6. shall be applied to determine who shall
be offered such position.

800 b. When a vacancy occurs for which person(s) in the
employment pool qualify, notification from the School
District to such individuals will be by certified mail or by
personal delivery. Such individual will have five (5)
calendar days from the receipt of the notice or seven (7)
805 days from the mailing of such notice, whichever is
shortest, to accept the position. If an individual fails to
accept a position offered, such individual will be
dropped from the employment pool.

9. Certificated Employee's Seniority List

810 A seniority list of all employees within the bargaining unit
shall be compiled by the District for each category contained
in Section 2.A.3. herein and a copy forwarded to the President
of the Association by the second Monday in January.

815 Section 3. Assignments/Reassignments and Transfers

It is the District's intent to maintain an educational program that
achieves the best interests of students and staff.

820 Although the District seeks to maintain stability in staffing
assignments, it recognizes that there may be merit in change.

A teacher may have to be transferred/reassigned when a change in
enrollment or program necessitates an alteration in class offerings.

825 The District accepts the responsibility to note patterns of change
with respect to class offerings and to assist staff in planning for
predicted future needs.

830 Based on the premise that it should not be more difficult to get a
building/program reassignment than a district transfer, building and
program reassignments will take place prior to hiring for new
positions.

835 Following building/program reassignments, new and vacant
positions will be posted and shall remain open for at least seven
calendar days. When teaching positions become available after

August 10, the District reserves the right to fill new or vacant positions from current employees who have requested a transfer or from the available employment pool without posting.

840

A. Assignments for the succeeding school year will be communicated to staff members on a tentative basis by the last student day and to new staff members as soon as practicable. The District reserves the right to make necessary adjustment changes after this date. Staff members who are reassigned after June 30 will be notified in writing as soon as possible after the reassignment is made.

845

B. Employees shall be assigned in accordance with the regulations of the State Board of Education.

850

C. Employees assigned and required to accept assignments outside of their major/minor fields, unless such employee is currently filling such position, or the employee concurs with such assignment, shall not have their contract status adversely affected due to lack of subject matter competency for the first two (2) years of that specific assignment, except if assignment was accomplished in accordance with the Certificated Staff Reduction procedure as outlined in Section 2. of this Agreement.

855

860

D. Reassignments and Transfers

1. No involuntary transfer/reassignment will be made if there is a qualified volunteer to fill the necessary position.

865

2. The District will notify the affected employee(s) by the last day of school or in as timely a manner as possible.

870

3. The building principal will maintain open communication with the affected employee(s) regarding the need for the change and the process that is to be used in determining the transfer/reassignment.

875

4. When two or more employees are, in the District's judgment, equally qualified, seniority (as defined in Article III, Section 2.A.6.a) shall be considered.

880

5. The District reserves the right to determine which employee will be transferred/reassigned.

6. Employees being transferred/reassigned will be informed of any other appropriate vacancies known at the time the transfer decision is being made. Employees will be able to indicate their preference of assignment.

- 885 7. Employees receiving a District directed transfer should be notified, in writing, by August 15th. If there is a District directed transfer after August 15th, there would be two (2) days per diem extended time pay.
- 890 8. Reassigned employees (an employee moved to a different building site and/or to a different grade level) may, at their request, solicit a review of the planned assignment and make known their wishes regarding an alternate assignment by the Superintendent or designee. A written request by an
- 895 employee for this review shall be made within five (5) calendar days of the assignment notification to the employee.
- E. The District will provide employees with assistance in moving their classroom materials by providing an equitable means of compensation when they are reassigned, transferred between buildings, are temporarily relocated between rooms, displaced from their classroom, or are otherwise required to store, move or secure classroom materials in a manner that is beyond normal procedures.
- 900
1. All moving assistance will be coordinated through the building principals.
- 905
2. Building custodians, under the direction of the principal, will be scheduled to provide physical assistance in moving classroom materials within the building.
- 910
3. Employees will be compensated for one day of moving time, with their choice of a substitute teacher or per diem pay if the move requires a day's work. If the move requires more than one day's work on the part of the employee, compensation will be in the form of two days substitute time or two days per diem pay at the employee's request.
- 915
4. District maintenance staff, under the direction of the Maintenance Supervisor, will schedule building-to-building moves.
- 920
- F. It will be the District's priority to maintain stability in assignment, reassignment and transfer policies. Normally, no employee shall be subject to transfer/reassignment at District direction more than two (2) times within any five (5) years.
- 925
- No secondary (grades 7-12) certificated employee shall be subject to an involuntary transfer (at the direction of the District/building principal) from building to building or room to room more than two times within any five (5) year period.
- 930

935 Excluding specialized class displacement (ex: labs, itinerant staff, physical education, drama, vocational education, business education etc), secondary teachers (grades 7–12) who, at the direction of the District/principal, teach in more than two classrooms per day will receive their choice of one day of substitute release time per term or one day's pay at per diem.

940 An exception to the language in this section will occur when schools are engaged in major school renovation. Each principal and site council will receive a capital projects allotment to support teacher moves precipitated by school renovation. (The compensation to each employee would be equal to at least one day's rate of pay at per diem.) The site team will develop a process to compensate employees for modernization moves that is within the allocation budgeted for their school.

945

950 Section 4. In-District Position Change Request

A. Staff members desiring any change of positions shall apply in writing to the Personnel Office by March 15th. Such application will include the grade and/or subject to which the employee requests to be assigned and the school to which he/she requests to be transferred, in order of preference.

955

B. Not later than April 15 of each school year, the District will post in each school and provide to the Association President a list of projected position openings which will occur during the following school year.

960

C. The basic consideration in the assignment of certificated personnel in the Mount Vernon School District shall be the well being of the program of instruction as determined by the District. To this end, several factors will be taken into consideration in the process of assignment/reassignment and transfer, including but not limited to:

 2. Appropriate certification
 3. Requirements of the Instructional Program and Support Services.
- 970

D. Staff members requesting transfer, submitting all completed application information, and meeting all position requirements will be afforded an interview for the position.

Such working files are not part of the employee's personnel file, are subject to review upon request by the employee, and are not of use within the disciplinary/grievance procedure unless formalized.

995 In an effort to address problem areas prior to formalization into Personnel File, the following steps will be taken:

1015 C. The District shall maintain no other personnel files. Listings and objective forms which include an employee's name and objective data shall not be construed to be part of the contents of any personnel file. (For example: affirmative action reports and records, equal opportunity for employment information and records, records of absence, payroll data, fringe benefit reports and records, rosters, certification information and records, information and records regarding health certificates, retirement information and records, authorizations for withholding from pay and employee withholding exemption certificate, etc.)

1025 D. The employee's District personnel file is available for review by the employee under the following condition:

4. The additional commitment required of Mount Vernon certificated staff cannot be accurately measured in hours or days.

1585

B. Use and Definition of Temporary Disability/Emergency Leave

1590

1605

3. In order to be eligible for consideration as emergency leave, the written application to the personnel office must be made within fourteen (14) days of return to work.

Determination of approval will be by the Superintendent/designee based on preceding criteria; such emergency leave will be limited to a maximum of six (6) days per year.

4. Annually, one additional day of emergency leave may be used for compelling personal reasons without written application to the Superintendent. This leave does not accumulate, may not be cashed out, and must be scheduled at least two (2) working days in advance, when possible. This additional leave will be deducted from sick leave days.

C. Accrual of Temporary Disability/Emergency Leave

Twelve (12) days temporary disability/emergency leave will be credited to employees under full-time contract at the beginning of the school year. Employees under contract as part-time employees will be credited with that portion of twelve (12) days as the total number of days contracted bears to one hundred eighty (180) days. All accumulation of deduction of temporary disability/emergency leave for part-time employees shall be on the basis of the employee's scheduled workday as it relates to a full workday. Leave days earned but unused during each calendar year may be accumulated year to year to the limit of the individual contract days, or may be compensated annually to the limit of twelve (12) days or at retirement or death to a limit of one hundred eighty (180) days so long as prescribed and permitted by statute. Any such conversion of accumulated temporary disability/emergency leave shall be subject to the terms and limitations of applicable regulations.

This extended leave will be without pay or other benefits. Employees requiring disability

leave in excess of forty-five (45) days will fall under the provisions of Article V, Section 8. Health Leave.

E. Reporting Disability

A. Elementary

2015 1. All elementary teachers, including specialists, will have at least thirty-five (35) continuous minutes per day for preparation. This planning time may be taken before or after the elementary student day. The District will refrain from directing planning time with the possible exception of Tuesday afternoon staff meetings. To avoid conflict with Tuesday staff meetings, staff may take planning time in the morning on staff meetings days.

2020

2. For fall conferences in 2009-10, Grade 1-6 classroom teachers will have early dismissal on November 10 for conference preparation and early dismissal for conferences on November 20, 23, and 24. Evening conferences will be scheduled per building with a time exchange early dismissal on November 25. If needed conference time exceeds scheduled conference time for a classroom teacher, they will work with their principal to resolve this. Scheduling of fall conferences for 2010-2011 will parallel the schedule above.

2025

2030

For spring conference in 2009-2010, Grades 1-6 classroom teachers will have early dismissal on March 16 for conference preparation and early dismissal for conferences on March 24 and 25. Evening conferences will be scheduled per building with a time exchange early dismissal on March 26. 2035

2040

ARTICLE VI. GENERAL WORKING CONDITIONS

2045 3. Kindergarten teachers with two sections of kindergarten will utilize two (2) days of released time and kindergarten teachers with one section of kindergarten will utilize one (1) day of released time for parent conferences in addition to the regularly scheduled early dismissal conference days. These days will be scheduled with the building principal.

2050 4. Three (3), thirty (30) minute specialist times per week will be recognized as planning time for Grade 1–6 classroom teachers. Kindergarten teachers will work with the building principal and specialists to schedule specialist time but recognize that it might not reach ninety (90) minutes per week. Normal calendar conditions or emergency conditions may create weeks where particular teachers receive less than 90 minutes via specialist time.

B. Secondary

2060 All teaching staff, grades 7–12, shall have a daily preparation period of at least one full instructional session's length.

C. Part-time certificated employees under individual contract with the District shall receive preparation time on a prorated basis.

2065

D. Preparation time shall be provided each teacher beginning the first day of school.

E. During the life of this agreement, the District will provide the following number of early release days:

2070

Two and one half (2 ½) of the allocated days at elementary will be building directed consistent with the school improvement plan

2080 Seven and one-half (7 ½) of the allocated days at elementary will be teacher directed

Middle School 9

High School 8

2085

Three (3) of the allocated days at middle school and high school will be directed by the building consistent with the school improvement plan. Employees will direct the remaining days guided by the list

below:

- 2100 A. Arrangements for the covering of a class when a teacher is going to be absent shall be made one day in advance except in the case of an emergency.
- 2105 B. A request by a teacher for another teacher to cover a class may be agreed to, with approval of the Principal required.
- 2110 C. If an employee is asked by an administrator and agrees to cover the class of another employee thereby precluding utilization of their preparation period, such employee shall be compensated at the prorated per diem rate of pay.
- 2115 D. If an elementary teacher misses a planning time due to lack of substitute coverage for a specialist absence (i.e. there is no substitute for the music teacher and therefore no music specialist time) the classroom teacher will be compensated for that time at per diem.

If an elementary teacher that does not normally have their own class of students (counselor, facilitator) is asked to cover for an absent teacher, they will be compensated for that time at per diem. This provision does not extend to classroom teachers with full time student teachers that are asked to cover for an absent teacher.
- 2120

Section 4. District Class Size/Workload

- 2125 The District and the Association recognize class size as an important factor in student learning. The parties acknowledge that concern with class size has led to the utilization of local resources to fund instructional positions beyond those funded by the state.
- 2130 The goals of the class size/workload plan are: 1) improved instruction and student learning; 2) equity for classroom teachers and students; 3) class size relief in a timely manner; and 4) opportunity for shared decision making.
- 2135

A. Class Size Limits

2140 The recommended class size/workload for the Mount Vernon School District shall be the following number of students in a class:

	<u>Grade Grouping</u>	<u>Trigger Number</u>
	K – 3	23
2145	4	28
	5 – 6	30
	7 – 8	31
	9 – 12	33
2150	Physical Education (9–12)	36 with a one-time adjustment only
	Special Education (K – 12)	20
	ELL Caseload	See LOU
	OT/PT/SLP (K–12)	50

Class Size Limits (continued)

	Psychologists (K–12)	1000
2155	Nurses (K–12)	1500

2160 If class size is below a trigger number, unique circumstances may warrant class size support. The principal/class size support team will consider requests for class size support below the trigger numbers. It is not intended that trigger numbers be the only indicator for support.

2165 Special Education. In the case of special education, student numbers listed above are for IEP caseloads (Report No. P223H). Magnet programs shall be staffed at a lower caseload because of the higher needs of the students. Magnet caseloads shall trigger at 15 students for developmentally delayed programs, and 8 for behaviorally disordered programs. Relief for magnet programs will be accessed through the Special Services Allocation Fund.

2170 Additional time to write IEPs for students beyond the trigger number shall be available through Special Services and not as a part of the Allocation Fund in E.

ARTICLE VI. GENERAL WORKING CONDITIONS

Multiage Classes. Class size for multiage classes shall be based on the lowest grade level in the multiage configuration.

2175

Team Teaching. In the case of special team teaching programs, the above recommended class size numbers shall be applied per teacher.

2180

PE/Music. Additionally, grades K-6 PE/music teacher shall have a maximum of 45 thirty minute instructional sessions per week. It is understood that traditionally large group instruction programs at all levels such as music (band/choir) shall be exempt from class trigger numbers. However, certificated music teachers adversely affected by class sizes above grade level's trigger number or by unique circumstances, may apply to their school's class size committee and/or to the class size workload team for help.

2185

B. Waivers

2190

The Association also acknowledges that the involvement of staff in the decision making process may result in decisions which cause class size/workloads to exceed the limits outlined above. Such decisions shall be formalized, in writing, signed by all affected parties and provided to the Association President/designee and the Superintendent/designee. If such a decision/agreement results in class size/workloads exceeding the limits outlined above, the class size/workload limits and support included in this section are not applicable.

2195

2200

C. Class Size/Workload Support Process

Eligibility for class size support is based upon district enrollment counts two weeks after the start of each semester/trimester. When trigger numbers outlined in Section A. are reached, teachers are eligible for class size/workload support. When a teacher's class size meets or exceeds the trigger number, teachers are eligible for support as outlined in Section D. below. When several classes trigger at one time, teachers may consider pooling the resources and the selection of a group solution in lieu of individual solutions.

2205

2210

Teachers will submit "Request for Class Size Support" form to principal for authorization. Resources will be available immediately upon principal approval.

2215

2220

D. Support

- Grades K-3 trigger = 23
- Grades 4 trigger = 28
- Grades 5-6 trigger = 30
- Grades 7-8 trigger = 31
- Grades 9-12 trigger = 33

2225

Classes up to 3 students beyond the trigger may select from the support below. If classes exceed 3 students beyond the trigger, the support is doubled.

2230

Option A: 1 hour aide time. Note: This amount would be prorated on a monthly basis. (When class size falls below the trigger, the instructional aide will be removed from the assignment.)

2235

Option B: \$167 dollars of instructional supplies/materials each month when class size exceeds trigger (minimum of at least two student calendar days in a given month).

2240

Option C: One full day of release time every ten school days.

Option D: Additional pay will be provided according to the formulas below:

2245

Elementary Classroom Teachers	Specialists	IEPs Management Caseload	Secondary Teachers
\$45.00 per day	\$10.00 per contact time	\$10.00 per day	\$10.00 per hour over trigger

Extraordinary cases will be compensated at a rate of \$10.00 per hour over trigger. Those choosing option D will submit an additional pay form documenting time over trigger.

2250

Option E. Another option mutually agreeable to both the principal and the teacher.

2255

E. Class Size/Workload Support Allocation Fund

The District shall provide a fund each year of this Agreement to pay for solutions requested as a result of an overload as defined in A. above. The fund shall be \$175,000. An additional \$25,000 will be added to this fund if the September through February annual average FTE enrollment exceeds the enrollment projection by 100 student FTE's or more. The enrollment count is reported on the

2260

ARTICLE VI. GENERAL WORKING CONDITIONS

2265 State's F-195 Form. This count excludes alternative programs of
Emerson, Running Start and SFLC. (Enrollment projections for
2270 purposes of this section will not include budgeted and actual
enrollment in these programs). In these instances, the additional
funds would be available by March 15. The Association
acknowledges that this fund is the total amount of money available
to address overloads for each year of the Agreement. Thus, if the
fund is depleted before the end of the year, and an overload occurs,
the support cost items in D. shall no longer be available and the
employee and immediate supervisor shall work toward a mutually-
agreeable non-cost resolution.

2275 Allocation model(s) will be established in consultation with the
Association and the class size/ workload team.

F. Limitations

2280 If the employee requesting class size/workload is not satisfied by
the support allocation proposed, he/she may request a review of
his/her application by the class size/workload team.

2285 It is understood that in the event a teacher's class size/workload
drops below the trigger number, class size support ends.

G. Conditions

2290 The above agreement will be in effect if:

1. The District continues to pass its local levies.
2. Actions taken by OSPI or at a state or federal level do not
2295 significantly cause a negative impact on resources provided to
the District.

Section 5. Faculty Facilities

2300 A. The Board will make available, if possible, in new school
construction, at least one room of appropriate size, adequately
furnished and vented, which may be reserved for use as a faculty
room. In presently utilized facilities, where feasible, a teacher's
room will be provided.

2305 B. Outside telephone lines shall be made available for teachers' use.
The location of the phones shall be such as to insure privacy of
conversation where physically possible.

2310 C. Teachers shall have safe and healthful conditions under which to
carry out their professional duties.

ARTICLE VI. GENERAL WORKING CONDITIONS

2315 D. In an effort to support a healthy workplace for teachers, every October 1 and February 15 principals/supervisors will review daily schedules to ensure that within every three (3) consecutive hours provision is made for ten (10) minutes of restroom break for teachers in grade K-12.

2320 E. The parties recognize the need for itinerant staff to have appropriate workspace in the buildings. The district will provide workspace that ensures privacy, minimizes disruptions and is balanced with the need to protect staff. In order to promote confidentiality and effective interaction with students, the District will provide the following:

- 2325
1. Confidential phone and voice mail access.
 2. Dedicated, lockable storage space accessible to each itinerant staff person at each work site they serve.
 3. Computer with network and secure printer access.

2330 The following process is recommended for use at the building level to attempt to ensure that the above needs are addressed.

- 2335
1. Each August itinerant staff assigned to the building, e.g., SLP, psychologists, OT/PT's, nurses and social workers will meet with the principal/designee to identify itinerant workspace/equipment needs as described above for the ensuing year.
 2. Itinerant staff will meet with the building principal/designee in the fall by mid-September to finalize actual space/equipment assignments or plans to provide the space/equipment.
 - 2340 3. The principal/designee and certificated staff may agree to include other building or itinerant staff in these meetings.

2345 In the event itinerant staff feel they do not have access to appropriate workspace and/or necessary equipment, the parties will attempt to resolve the issue in a problem-solving manner. If the concern is not resolved in a timely manner, the matter will be referred to the Director of Human Resources.

2350 Section 6. Classroom Para-professionals

2355 Whenever, in the judgment of the Administration, such usage is feasible, the Mount Vernon School District may utilize qualified teacher aides, both paid and volunteer, to assist as ancillary personnel to the teaching staff and to assist with educational programs of the District. The judgment of whether to use or not use classroom para-professionals is not grievable under Article VIII, Section 1., Grievance Procedures.

2360

Section 7. Employee's Reimbursable Expenses

- 2365 A. When an employee is authorized to attend out-of-district activities the following expenses, as approved by the administration, will be reimbursed: Registration, transportation, lodging, meals, and mileage (reimbursed at the prevailing State mileage rate).
- 2370 B. An employee shall be reimbursed for authorized expenditures within twenty (20) business days of submitting all necessary completed paperwork including the Expense Reimbursement Form, original receipts, and budget approval to the Business Office. Expenditure reimbursement instructions can be found on the District intranet along with the Expense Reimbursement Form
- 2375 C. The District shall pay the prevailing state mileage rate to employees specifically assigned to and traveling between schools and to other in-district locations which have been specifically approved and assigned by the District as part of the employee's assignment. Such assignments will be specified by the District and affected employees notified.
- 2380
- 2385 D. The District shall support the purchase of supplies and instructional materials necessary to enable employees to fulfill their teaching responsibilities. Employees shall obtain approval from the appropriate budgetary authority prior to making any purchase. Following this pre-approval, employees shall be reimbursed upon presentation of an itemized, original paid receipt for expenditures needed to maintain classrooms supplies and materials.

2390 Section 8. Classroom Visitations

- In order to provide parents and patrons of the District an opportunity to visit classrooms with the least loss of continuity to the teaching process:
- 2395 A. Whenever possible, arrangements to visit a classroom by persons other than District personnel shall be made through the building principal prior to the class visit.
 - 2400 B. When possible, the teacher will be provided the opportunity to confer with the classroom visitor either before or after the visit.
 - 2405 C. When a parent/guardian requests of a teacher the release, to their custody, of a student during school hours, the teacher will direct the parent to the principal's office for approval. The student will be released to the principal's office upon notification from the principal's office.

2410

Section 9. Student Teachers and Interns

2430

D. No teacher will be allowed a student teacher or an intern more than once in any three-year period. Exceptions to the three-year period will be considered by the District if requested by the teacher involved. Each request will be considered on its own merits and the District decision will be final.

ARTICLE VII. EVALUATION

2445 Section 1. Purpose of Employee Evaluations and Use of Evaluation Results

A. The purpose of employee evaluations

2450 1. To identify in consultation with the employee observed particular areas in which his/her performance is satisfactory or outstanding, and particular areas in which the employee needs to improve his or her performance.

2455 2. To assist employees who have identified areas needing improvement in making those improvements.

Section 2. General

2475 Certificated classroom teachers and certificated support personnel holding non-administrative positions (collectively referred to as "employees" herein) shall be evaluated during each school year in accordance with the procedures and criteria set forth herein.

2480 Washington State law requires all certificated employees to be evaluated annually (RCW 28A.405.100 and RCW 392.191.030).
